

Greene County's Reinvestment in Agriculture: Cost-share Enhancement Program

The Greene County Conservation District is now accepting applications for a newly expanded program that they are directly funding. Greene County's Reinvestment in Agriculture: Cost-share Enhancement (GRACE) Program is a conservation-based program designed to enhance soil health within the agricultural community.

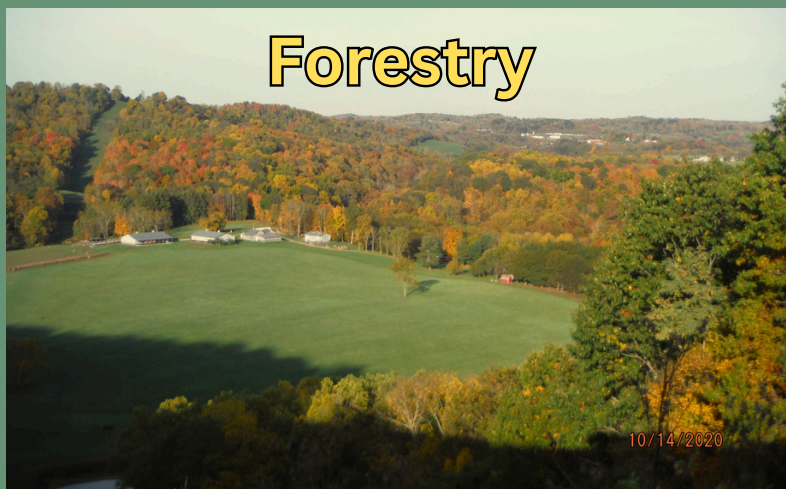

All cost-share rates are reimbursements based on receipts.

Let us help with these practices!

Lime/Fertilizer

Forestry

Water Development

Fencing

A farm visit is required with all applications.
Taking applications through August 31st.
